Kære alle.

Generalforsamling og projekt for de unge:

Så er det tid til generalforsamling i foreningen. Den afholdes som sædvanligt i Horsens tirsdag den 30. april kl. 18.30 Nærmere info følger senere, men sæt allerede nu X i kalenderen.

På generalforsamlingen vil vi bl.a. drøfte et indkommet forslag fra foreningens kontaktperson og Odenehos sekretær. Forslaget går kort ud på at indkøbe nogle tidsvarende computere til de unge og få etableret et IT-center i Akwamufie, primært rettet til de unge. Projektets formål er at sikre de unge i Akwamufie adgang til vore dages informationsteknologi. Projektet vil blive udarbejdet i samarbejde med skolen i Akwamufie, og der vil være fri adgang til centret. Tilknyttet centret vil også være en underviser ved navn Mr. Kwaku Owusu.

Dagsorden for generalforsamlingen vil følge i en mail senere. I denne mail vil årsregnskabet også blive sendt ud. Regnskabet er blevet udarbejdet af Karl Peter og er blevet godkendt og revideret af Grethe Nymark.

Hello ...

I am Dorcas Asiedu and am very happy to write this final letter before we meet in Ghana. I hope by the grace of Almighty God you are fine. The reason I am writing this letter is to tell you about some school activities that have gone after the long vacation.

After the long vacation a lot has happened in my school and am going to talk about sports and culture.

My school partake in the years inter school sports competition which took place in Akosombo, the community where the hydropower generation is located. I happened to be the sports prefect in my school so I took part in almost all the sports thus netball, volleyball, football and athletics etc.

The game is so excited because you get meet new friends from other schools. Again I was happier when we won Girls Volleyball competition, Boys Football Competition and my school was second in Netball and boys volley ball. We jubilated with some school songs.

On cultural activities too, the school is now preparing to participate in the competition and working hard towards it because we want to maintain our first position for last year.

Can't wait to see you dear friend

Rapport om de døves skolegang:

Vi har modtaget følgende rapport fra vores kontaktperson i Akwamufie om de døves fortsatte skolegang. I næste foreningsmeddelelse vil der følge en rapport om de blindes skolegang:

Gyamea Akosua a deaf student at the Mampong school for the deaf, she also went back to school in January 2019 after the Christmas break. She is in the Vocational department pursuing Hairdressing. She is also expected to complete her vocational education in hairdressing in September 2020.

Kwaku Owusu is also one of the deaf students who is also at the Mampong school for the Deaf. He is also at the Vocational department learning hairdressing and Barbering. A report from his teacher is that his concentration and strength is much on the Barbering aspect. The suggestion from the school authority is that if the Association can established him, interims of getting him a small shop and buying him some Barbering machines and equipment the school authority can graduate him this year September.

The school authorities concluded that, he is perfect in the Barbering so if we can establish him for him to use the barbering to generate some income for daily up keep.

They will be vacating on 11th. Of April 2019 so we have to take some decision on Kwaku Owusu then it should be as soon as possible before school reopens.

Thanks and best regards

I Ghana fejrer man i år en festival støttet af præsidenten under titlen "Year of the homecoming" eller "Full circle festival". Dette er for at markere, at det er 400 år siden den transatlantiske slavehandel begyndte, og dette med en opfordring til, at alle udenlands ghanesere vender tilbage til Ghana. I denne forbindelse er en amerikansk skuespiller ved navn Michael Jai White blevet instooled i Akwamufie under stor medie bevågenhed.

Her er et par link med omtale af denne begivenhed i nationale og internationale medier:
